

Authorized Distributor of OMRON

Complete Industrial Automation Solutions

From sensors and relays to PLCs, drives, and robotics — everything your system needs in one place.

SERVING:

Oil & Gas

Water & Utilities

Manufacturing

Panel Builders

HVAC

FMCG

Infrastructure

Marine

Global leader in industrial automation with Japanese technology and worldwide certifications.

Certifications vary by product and application.

Bahrain Office | ANMOR LTD W.L.L

AUTOMATION SYSTEMS

Complete control solutions for machines and production lines.

- ✓ Industrial PC
- ✓ Machine Automation Controllers
- ✓ Programmable Logic Controllers (PLC)
- ✓ Input and Output (I/O) Systems
- ✓ Human Machine Interfaces (HMI)
- ✓ Remote Access Solutions
- ✓ Industrial Ethernet Cables and Connectors
- ✓ Data Flow Controllers

APPLICATIONS:

Machines - Production lines - Process automation

MOTION & DRIVES

Full range of motor control solutions.

- ✓ Motion Controllers
- ✓ Servo Systems
- ✓ Variable Frequency Drive (VFD)

APPLICATIONS:

Pumps ➡ Conveyors ➡ Compressors ➡
Packaging machines ➡ Industrial production lines

INDUSTRIAL ROBOTS

Flexible automation for modern factories.

- ✓ Fixed Robots
- ✓ Autonomous Mobile Robot
- ✓ FLOW Core Fleet Manager
- ✓ Cobots
- ✓ Robotics Integrated Controller
- ✓ Industrial Part Feeder

APPLICATIONS:

Assembly - Pick & place - Packaging - Material handling

SENSING

Complete range of industrial sensors.

- | | |
|--------------------------------------|-----------------------------|
| ✓ Photoelectric Sensors | ✓ Mechanical Limit Switches |
| ✓ Mark and Colour Sensors | ✓ Rotary Encoders |
| ✓ Fiber Optic Sensors and amplifiers | ✓ Process Sensors |
| ✓ Inductive Sensors | ✓ Contact Sensors |
| ✓ Measurement Sensors | ✓ Connectors and Cordsets |

APPLICATIONS:

Detection - Positioning - Speed monitoring - Process measurement

QUALITY CONTROL & INSPECTION

Advanced inspection and vision solutions.

- ✓ Identification Systems
- ✓ Inspection Systems
- ✓ Barcode Verification Products
- ✓ Industrial Cameras
- ✓ Laser Marker

APPLICATIONS:

SAFETY

Reliable safety solutions for machines and operators.

- ✓ Emergency Stop Devices
- ✓ Safety Switches
- ✓ Safety Sensors
- ✓ Safety Logic Controllers
- ✓ Safety Output Relays

CONTROL & SWITCHING COMPONENTS

Essential control devices used in panels and industrial systems.

CONTROL

- ✓ Temperature Controllers
- ✓ Energy Monitoring Devices
- ✓ Power Supplies
- ✓ Condition Monitoring Devices
- ✓ Uninterruptible Power Supplies (UPS)
- ✓ Digital Panel Indicators
- ✓ Electronic Circuit Breakers
- ✓ Timers
- ✓ Counters

SWITCHING

- ✓ Electromechanical Relays
- ✓ Solid State Relays
- ✓ Monitoring Relays
- ✓ Pushbutton Switches
- ✓ Terminal Blocks
- ✓ Interface Wiring Systems

SOFTWARE

AUTOMATION SOFTWARE

- ✓ PLC programming
- ✓ HMI software
- ✓ SCADA solutions
- ✓ System configuration tools

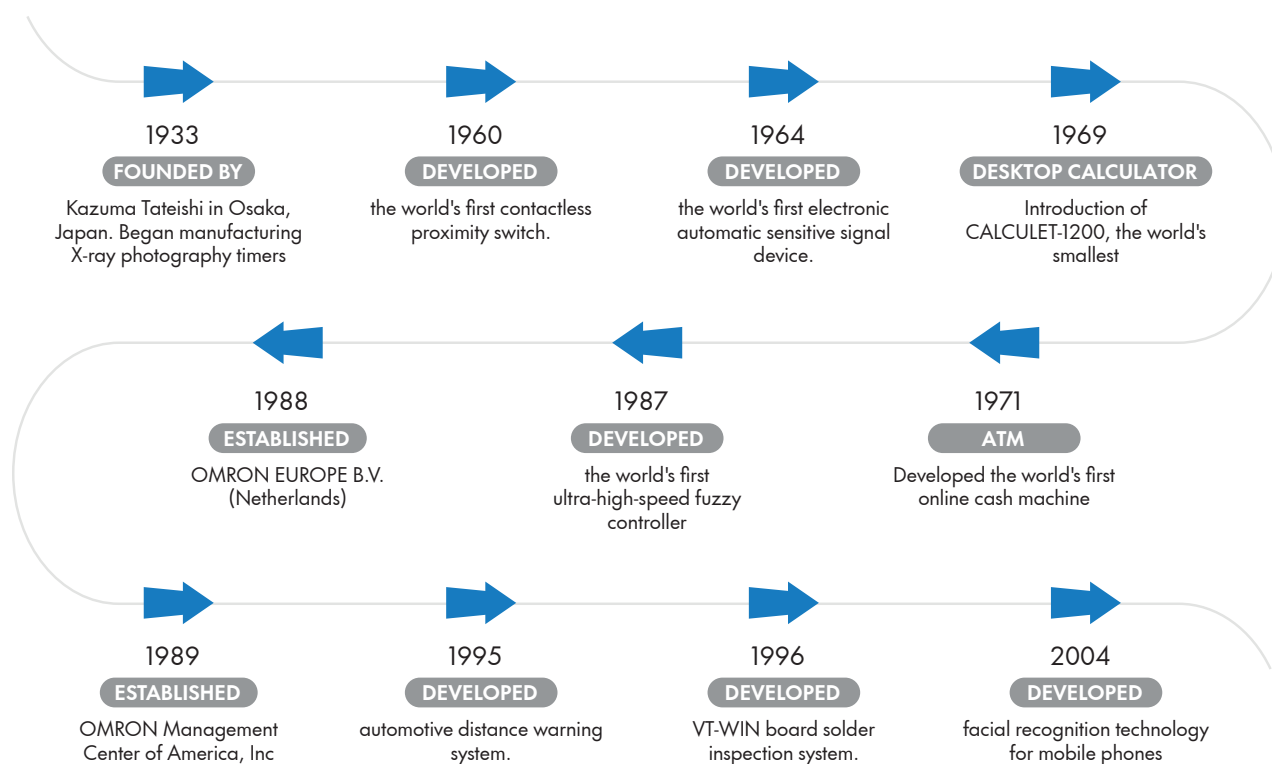

ABOUT OMRON

Founded in Japan in 1933, OMRON is a global leader in industrial automation.

Headquartered in Kyoto, the company serves customers in more than 120 countries.

CHRONOLOGY

Supported Industrial Communication Protocols

Seamless connectivity with major industrial networks to ensure easy integration with existing automation systems.
